COLOURING PAGE NOTES

**The illustrations in In Time are beautifully drawn.
The story is thought-provoking, and inspiring.**

Some of the colouring pages don't have distinct lines though. Or there is a bit of grey here and there as they didn't convert 100%.

You might find it hard to stick to the lines. Or the grey might be prominent.

Try not to worry though. That's OK. Let's go with doing your own thing in your own way.

Let's just go with the flow and create what you can, however you want to!

In Time

In Time

by Ruiz

Marina Ruiz

Sometimes time feels like chewing gum

that stretches on

for hours

and days

and years.

Trees can turn

into forests.

When stormy weather came,
I would make it fly quickly over
us so the sun shone again.

WAITING

What do you HATE waiting for?

Any why is it so difficult?

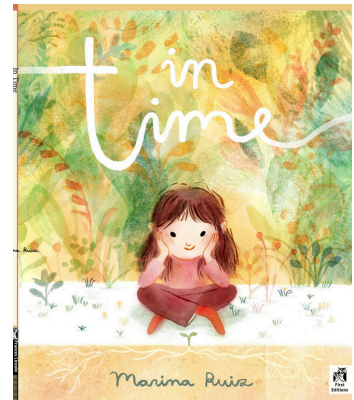

WRITE A STORY.....

Write about a time you had to wait....

What was it like?

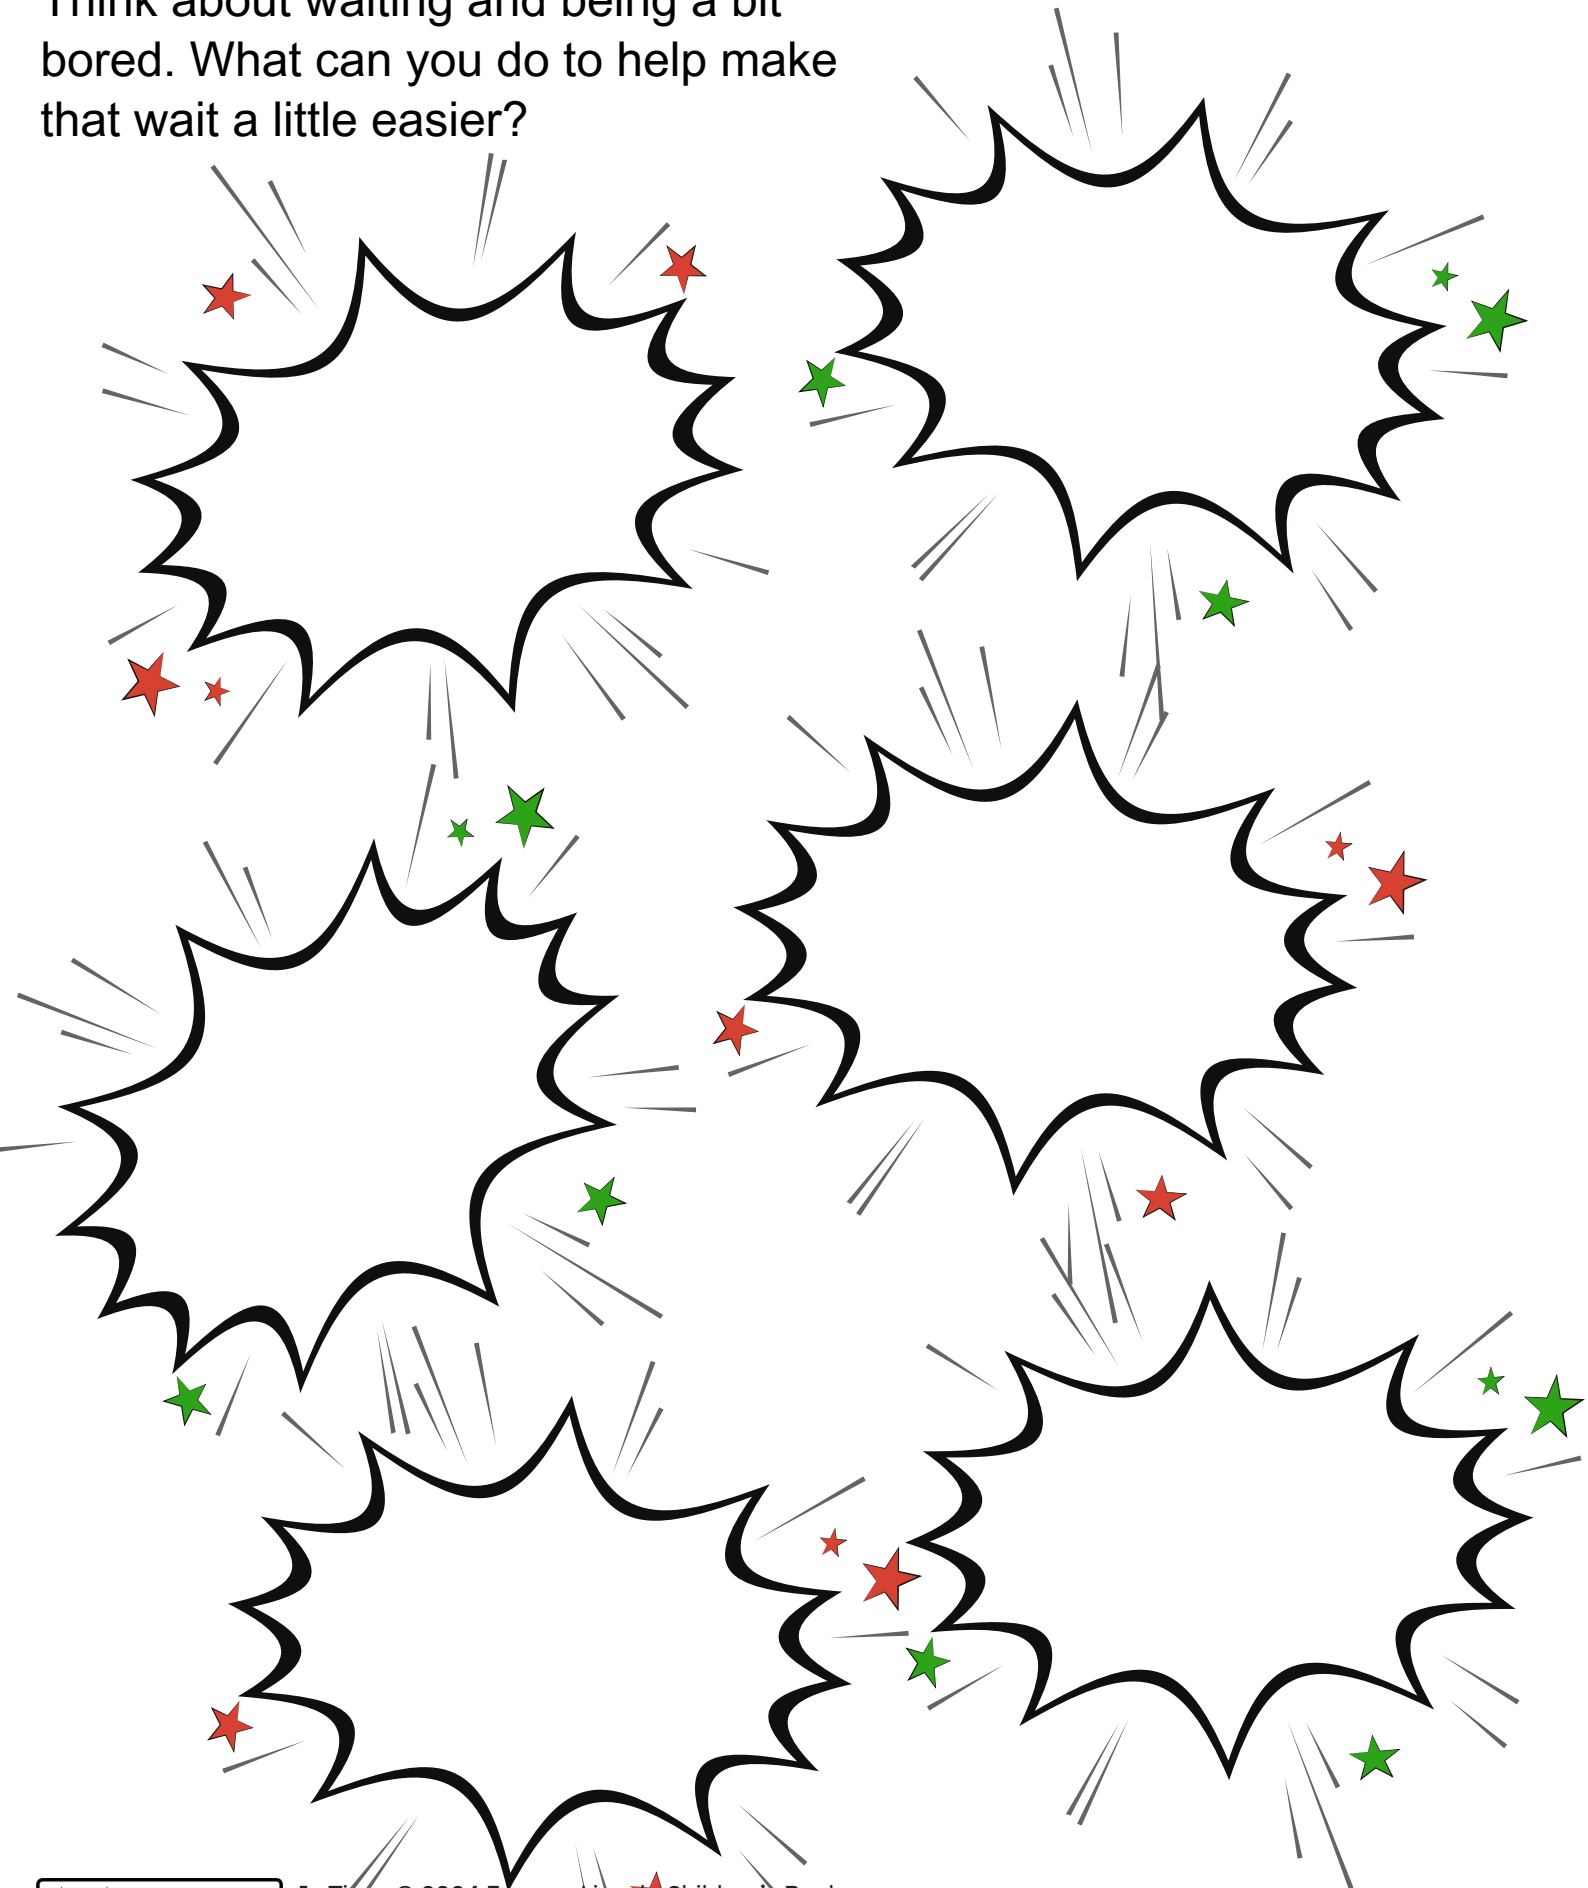

What happened?

Was it worth the wait in the end?

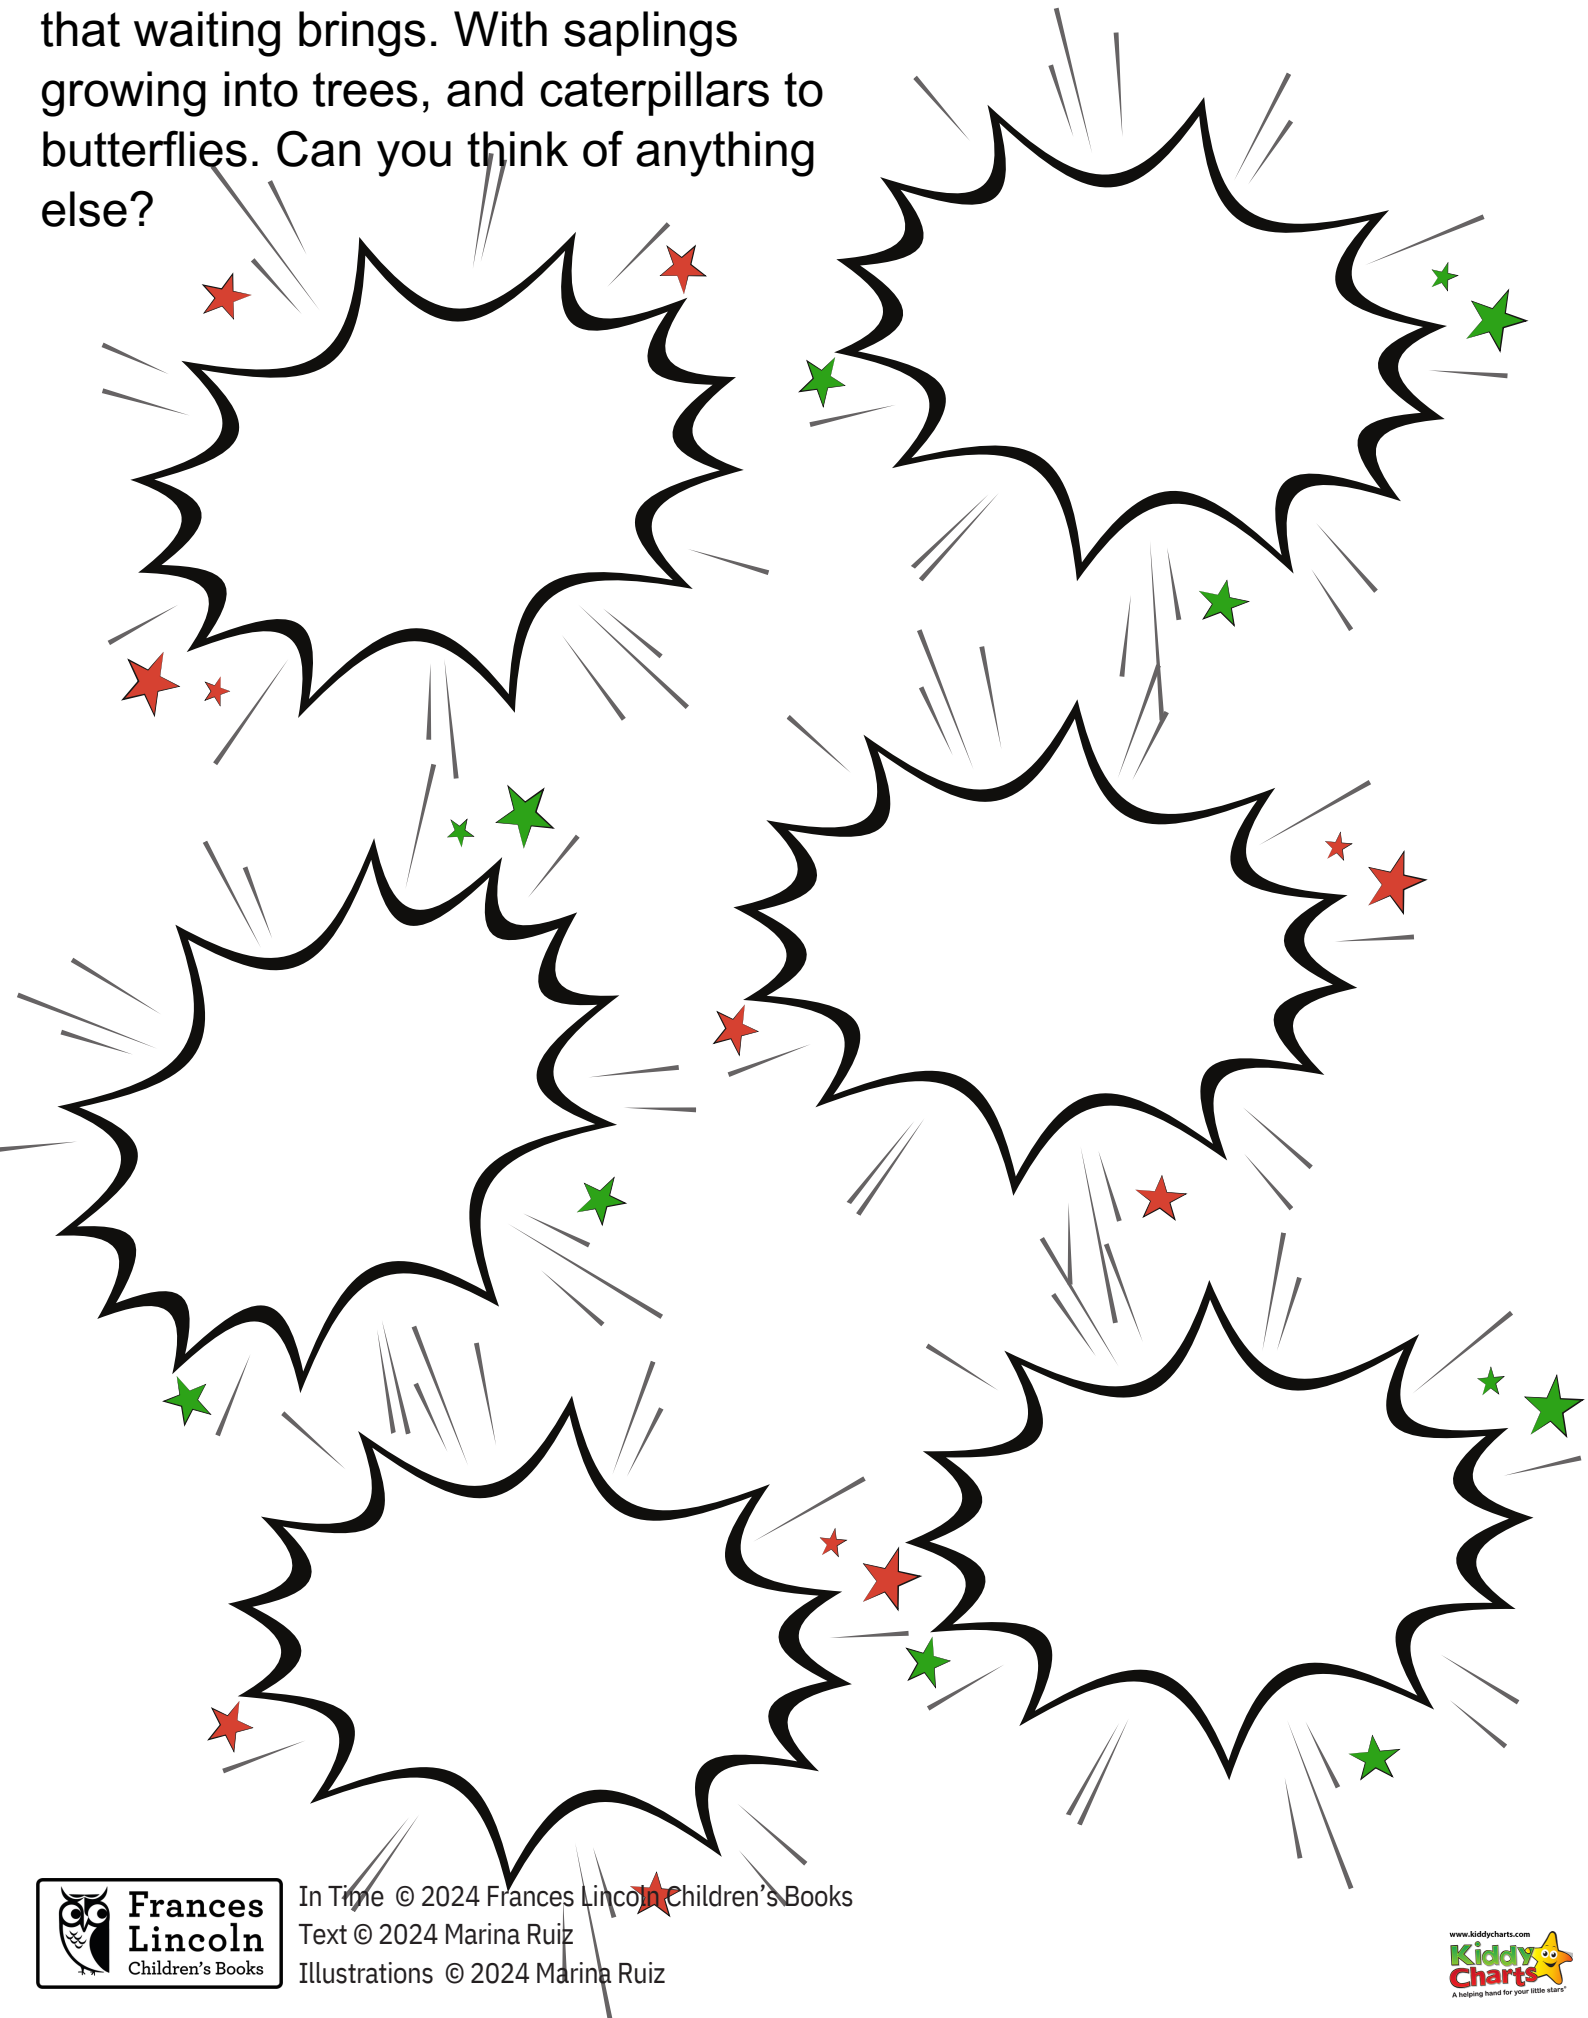

BORED - WHAT CAN YOU DO?

Think about waiting and being a bit bored. What can you do to help make that wait a little easier?

WHAT WONDERS CAN WAITING BRING?

In the book - we hear of lots of wonders that waiting brings. With saplings growing into trees, and caterpillars to butterflies. Can you think of anything else?

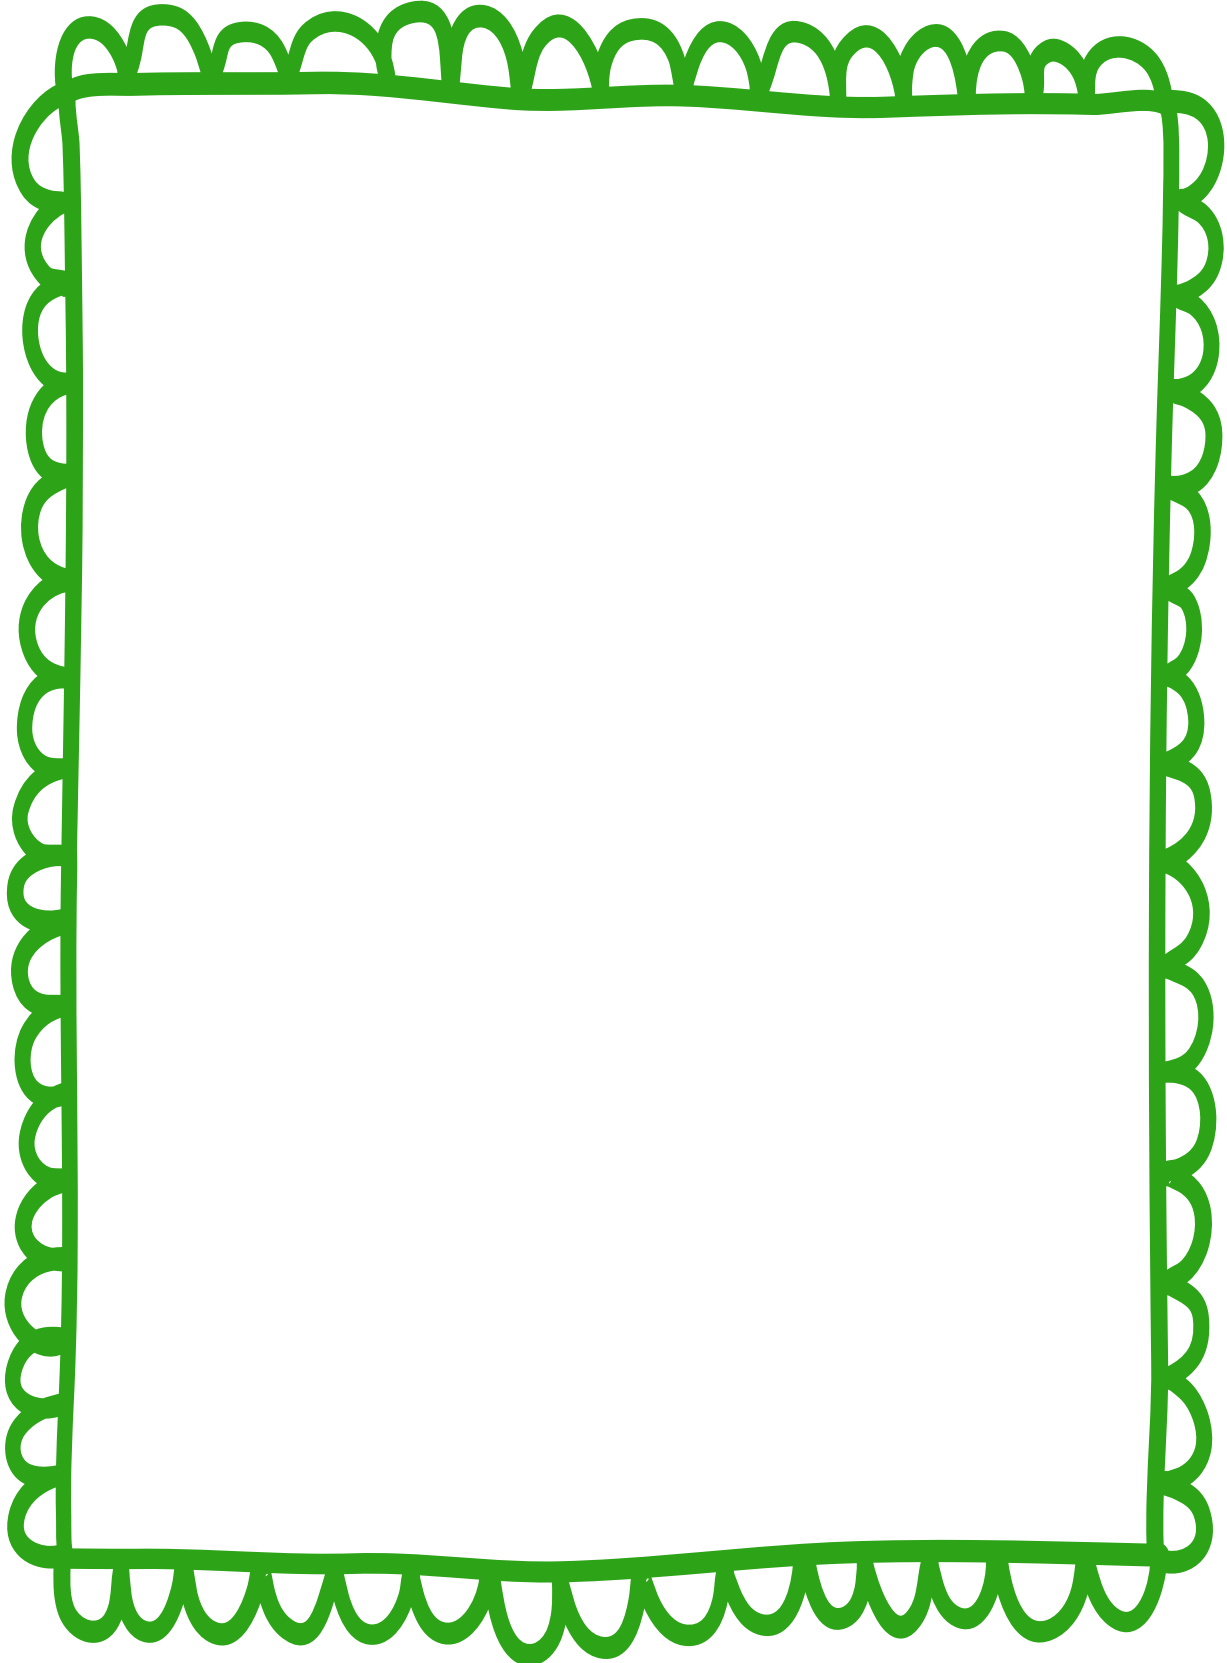

THAT'S NOT BORING

What about drawing us a far from boring picture?!?!

WHAT DOES WAITING FEEL LIKE?

Draw what waiting means to you.

It could be anything - a squiggle, a frog waiting for a fly - whatever comes to mind!

The background of the entire page is a repeating pattern of stylized clock icons. Each icon consists of a circular clock face with two hands and a small circular inset at the bottom right containing a four-leaf clover. The icons are rendered in a dark blue-grey color.
